MEDICAL
SCHOOL

**Become
the doctor
you want
to be**

Canterbury
Christ Church
University

University of
Kent

“At Kent and Medway Medical School, we expect academic ability, but equally we are looking for the right personal qualities that people require in a good doctor.”

Professor Chris Holland
Founding Dean of Kent and Medway Medical School

Welcome

I am tremendously excited to welcome you to the Kent and Medway Medical School (KMMS).

We are looking for students who share our passion for innovation, collaboration, and person-centred medicine. We want our graduates to embrace the life-changing experiences and opportunities on offer, grow to become exemplary practitioners, as well as active communicators and advocates for diversity and equality in and outside the profession.

KMMS is an exciting collaboration between Canterbury Christ Church University and the University of Kent, and draws on both their research and teaching strengths. Based in Canterbury, our school educates aspiring doctors to train to deliver 21st century medicine. We are proud to attract talented students from all backgrounds and offer opportunities to help to transform the future of healthcare.

I can also see the amazing potential for the next generation of health professionals to shape our future. We will cure diseases that are currently fatal and will help more people than ever live longer, and with better health, despite complex and chronic wellbeing challenges. We are confident that a KMMS medical degree will enable our graduates to be at the forefront of these advances in medical science, as we place the School at the leading edge of UK and global medical education.

We wish you every success in your application.

Professor Chris Holland | Founding Dean

Our vision

Kent and Medway Medical School will be a beacon for first-class medical education and research, and the first choice for all those aspiring to achieve excellence in person-centred medical care in the UK.

Our values

- **Be brave**
- **Be kind**
- **Be respectful**
- **Be passionate**
- **Be collaborative**
- **Be innovative**
- **Be curious**

Why choose KMMS?

Verena Holmes Building,
Canterbury Christ Church University campus

Excellent resources

You will work in state-of-the-art facilities at the Canterbury campuses of both universities. These include a high-fidelity hospital simulation suite, Kent's first GP simulation suite, an anatomy learning centre for dissection, prosection and radiology, lecture theatres, seminar rooms and work spaces. You will also benefit from access to both universities' libraries, IT and sports facilities.

An outstanding team

We have successfully recruited a high calibre team who bring international, national and local expertise to KMMS. Many of our inspirational academics, including our Dean and Deputy Dean, also practice in clinical settings locally ensuring they continually learn about the challenges, priorities and goals of our students, patients, colleagues and other care providers.

**KENT AND
MEDWAY
MEDICAL
SCHOOL
PEARS BUILDING**

A well-established partner medical school

As a new medical school, KMMS is working in partnership with the highly regarded and long-established Brighton and Sussex Medical School for support and quality purposes.

A welcoming NHS community across Kent and Medway

We have built exciting new relationships with partners across the NHS in Kent and Medway from community, primary, secondary, acute and mental health care settings. With 249 GP practices, 4 community care providers and 4 acute care providers in our region, you will experience a diverse range of healthcare priorities and solutions. These connections have allowed us to build a programme of high-quality placements across our region from your first semester until you graduate at Canterbury Cathedral.

Our degree programme

Our Bachelor of Medicine, Bachelor of Surgery (BM BS)* is jointly awarded by Canterbury Christ Church University and the University of Kent.

**In common with all new UK medical schools, Kent and Medway Medical School is subject to successful progress through the GMC's rigorous quality assurance processes. We have successfully completed several stages of this process and will be subject to ongoing review. The final-stage assessment and approval for the award of a UK medical degree is at the end of the first complete delivery of the course.*

What our course offers you

- **A systems-based curriculum**
- **An innovative and integrated programme**
- **Early patient contact** – you will begin clinical placements within the first term of the first year of your course

Learning will be delivered through lectures, small group learning, dissection and prosection, tutorials, simulation, e-modules, placements and through self-directed learning.

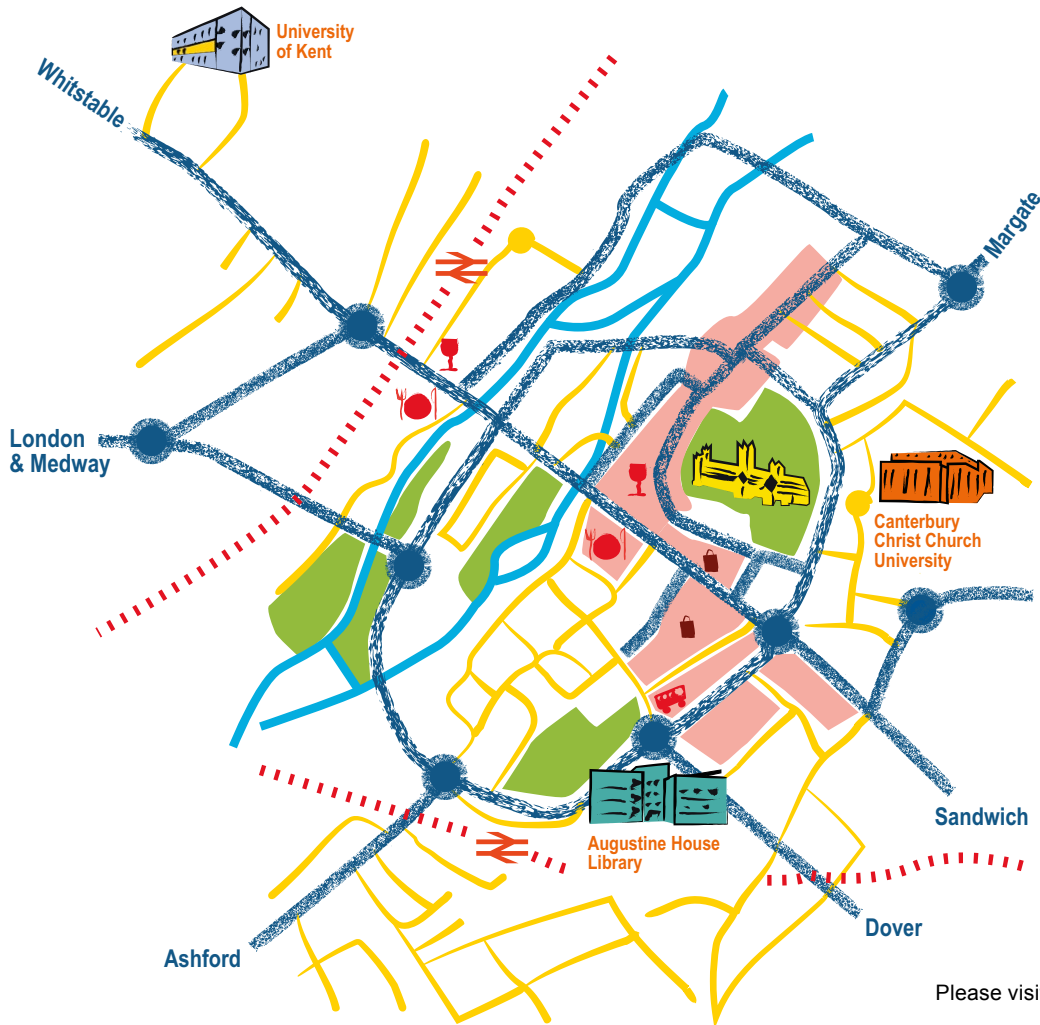

Assessment

You will be assessed throughout the course. We will use a combination of written assessments and practical assessment methods to test your knowledge and communication and clinical skills.

Your professional development will be captured with the ePortfolio, and regular meetings with your Personal Academic Tutors and supervisors will ensure you are given the right support to keep you on track with the course.

Course structure

Year 1	Welcome Week	Community and Primary Care in Practice 1			
		Professional Development and Person-Centred Practice 1			
		Skills for Clinical Practice 1			
		Foundations of Health and Disease	Heart, Lungs and Blood	Nutrition, Metabolism and Excretion

	General Practice and Public Health Medicine				
	Individual Research Project				
Year 5	Senior Rotations (Emergency Medicine; General Practice; Psychiatry; Medicine; Surgery)		Finals (Electives; Preparation for Practice; Assessments)		

Living and studying in Canterbury

Both campuses are close to Canterbury city centre, making it an ideal place to study, live and enjoy. Just a short distance from the sea and only an hour's train journey from London, there's plenty to explore and enjoy with Kent and Medway and beyond. Mainland Europe is also within easy reach by ferry or train.

You will study at both campuses (about 15 minutes apart by bus) and alongside students in other healthcare professions and from a wide range of academic disciplines. You will also work directly with patients, care providers and other service users in the community.

Please visit our website for more details: www.kmms.ac.uk

The best of both worlds

As a student of both Canterbury Christ Church University and the University of Kent, you have access to facilities at both and can choose accommodation on either campus. At both you will be co-located with other medical or healthcare students. For more information please visit: www.kmms.ac.uk/accommodation

You will also be a member of both Students' Unions and will have access to hundreds of clubs and societies. If you don't find the right one for you, you can set up a new one.

Student Life and Wellbeing Service

KMMS Student Life and Wellbeing Service aims to take an anticipatory approach to student wellbeing and is the main point of contact for pastoral and academic concerns. Students will also be able to access specialist support, if needed.

To ensure that your life as a medical student begins as smoothly as possible, and that you are able to navigate through the course effectively, a range of support will be available including:

- An extensive welcome and induction programme provided by both universities
- Advice on managing your finances
- Thorough preparation for placements
- Counselling, mental health and emotional wellbeing services
- Support with disabilities, specific learning difficulties and long-term health issues
- Personal Academic Tutors, academic advice and resources
- IT and library services
- Chaplaincy

Funding your degree

At KMMS, we can signpost you to help and advice around how to pay your fees, access financial support and even work out your budget.

To help future KMMS students we are actively seeking donors to fund bursaries and scholarships. We already have a range of financial support packages available.

Please visit our website for more details: www.kmms.ac.uk/study/funding-your-degree

Please visit our website for more details:
www.kmms.ac.uk

Student journey

KMMS facilitates access to a range of services and support provided by both universities.

01

02

KMMS adopts an anticipatory approach to support, providing 1:1 check-ins throughout the programme.

KMMS provides a dedicated Student Life and Wellbeing team who work with students as required to identify the best support from both universities.

03

04

The KMMS Student Life and Wellbeing team will work with you on your journey to become a medical professional, providing additional support as needed.

KMMS recognises that transitions may be challenging so has developed specialist packages of support and timetabled space for reflection and development.

05

06

KMMS students will continue to receive high quality support during placements, via the universities' own student support services or by signposting to specialist services.

What we look for in a KMMS student

To study at KMMS, you must possess the abilities, commitment and personal qualities that are necessary to deliver the core NHS values and become an excellent doctor.

At KMMS we want to encourage doctors from all backgrounds in Kent, Medway and beyond. We aim to widen access to medical degrees and to have a student body that reflects the diverse community we serve.

When selecting our students, we look for:

- A resilient all-rounder who can demonstrate a range of skills and attributes
- High academic achievement, particularly relative to their school background
- Commitment to quality of care and improvement
- An understanding of the NHS core values and the ability to put those values in action
- Compassion, and the ability to treat all people with respect and dignity
- Excellent communication skills and effective team working
- Appreciation of other people's views and willingness to accept responsibility
- A realistic and committed understanding of medical training and clinical practice

Entry requirements

Qualification	Required	Required subjects
GCSE or equivalent	A* to B or 9 to 6	5 subjects minimum which must include English Language and Mathematics. We also require Biology, Chemistry and Physics. Double Science will be accepted as an alternative to the three separate sciences
A Level or equivalent	AAB*	1st A level group*: Chemistry, Biology
		2nd A level group: Chemistry, Biology, Mathematics, Psychology, Physics, Computing/Computer Science
		3rd A level group: Any other A level except General Studies, Critical Thinking
International Baccalaureate	34 points	Must include Biology or Chemistry at Higher Level 6 and one further Higher Level subject in Biology, Chemistry, Maths, Physics or Psychology at grade 6
Bachelors degree	2:1 Honours or equivalent	Acceptable degree subjects are listed on our website

KMMS does not use predicted grades at all. Therefore you will be considered on your most advanced achieved qualifications: GCSE if you are pre-A level, A levels if you are post A level but have not yet graduated from a Bachelor's degree course.

*Including the practical endorsement in Science A Levels where appropriate.

** ABB or BBB offers will be considered for applicants from partner schools or those with extenuating circumstances.

Additional information

- BTEC/IBCP not accepted.
- Applicants who have studied an Access to Medicine programme will be considered for entry unless they are within three years of sitting A Level or Degree exams.

- KMMS does not accept deferred entry applicants or transfers from other medical schools.
- All applicants must be 18 years old or above when they undertake their first clinical placement in week seven of the first term of Year 1.

- All successful applicants will need to pass an enhanced Disclosure and Barring Service and Occupational Health Check, which will be arranged and paid for by KMMS.

For further details, please visit:
www.kmms.ac.uk/study/applying

How to apply

To apply to KMMS for 2022 entry you will need to submit your application to UCAS by the deadline of **15 October 2021**

UCAS institution Code: **K31**

Course Code: **A100**

You will also need to have taken your UCAT (Universities Clinical Aptitude Test) within the year of your application.

What could life after graduating from KMMS hold for you?

As a newly qualified doctor, you will be equipped with the curiosity, and academic, professional and clinical skills to influence and improve future healthcare in Kent and Medway, and beyond.

We very much hope you will choose to work in Kent and Medway or the south-east of England. However, your qualification will allow you to apply for a Foundation Programme job

anywhere in the UK, providing you with the required postgraduate experience to gain full registration with the General Medical Council.

Once fully registered, you will have the education and experience to apply for any one of over 100 possible medical specialties.

Qualified doctors also work in media, the arts, business, the voluntary sector, government,

research and technology. There are national programmes available for medical graduates to obtain specialist postgraduate training and experience in leadership, management, entrepreneurialism and research.
