

# Group B: GCSE and A Level/IB Requirements (2023)

## GCSE

5 subjects at Grade 9-6 (or A\*-B under the old grading system) minimum

Must include English Language, Maths, Biology, Chemistry and Physics (or Double Science and one other subject).

## A Level

AAB minimum

Must include Chemistry and/or Biology. If both chemistry and biology are not offered there must be one other from Physics, Maths, Psychology or Computer Science. Critical Thinking and/or General Studies are not accepted. A pass in the practical endorsement is required for any science A level taken.

## IB Diploma

34 minimum

Must include Chemistry and/or Biology at Higher Level. If both are not offered at Higher Level, there should be a second science offered which must be one from Physics, Maths, or Psychology. A minimum score of 6 in both Higher level science subjects should be achieved.
